Online Voting System

📅 06/2023   📍 Chengalpattu

*Dynamic Web Project using **Java Servlet, JSP** in **Eclipse IDE** and **mySQL Database***

- In this project, we propose the development of an Online Voting System using Java JSP, Servlet, and MySQL Database. The system aims to streamline and modernize the voting process, ensuring convenience, accuracy, and security.
- Once registered, voters can securely log in to the system using their credentials.
- This system employs measures to prevent fraudulent activities, ensuring each voter can cast only one vote per election.
